BEFORE this issue of the TIMES reaches its readers the great fraud will have been consummated and Rutherford B. Hayes declared the President of these United States. It were worse than a waste of time to inveigh against this monstrous crime which is so hideous a blot upon our civilization, so foul a disgrace upon our history and so terrible an impediment to peace, prosperity and the true progress

of our country. In the meanwhile we have but to wait and be patient. It will require a character having infinitely more tact, ability and patriotism than we think Mr. Hayes possesses, to make honest people soon forget that he takes his high office direct from the hands of unblushing manipulators of the most damnable frauds and that he is at the best but a usurper.

The deceased was seventysix years of age, and the oldest member of the Canal Board. In 1836 he was Speaker of the House of Delegates, and often represented Frederick county in the lower branch of the Legislature. He was prominent member of the German Reformed Church of Frederick city. He filled the position of Justice of the Peace for a number of years and was well versed in the law, but never practiced at the bar. Always prominently identified with the Democratic party, he was known in later years as "the old war horse" of Democracy in Frederick county.

Grain from Maryland .- . The grain trade from the lower counties of Maryland, has, since the opening of navigation, assumed very considerable proportions, and quite a number of vessels have engaged therein. Since the 22d of January there have arrived in this port sixteen loaded grain vessels, whose cargoes have found a ready market, and which has had the result of encouraging growers, so, that in all probability, more attention will be paid to that branch of agriculture in those counties than hitherto. It is by no means improbable that in a few years the grain productions of Lower Maryland will form one of the most important branches of its trade,-Balto. American.

whatever. Much serious sickness and suffering is prevented by their timely use; and every family should have them on hand for their protection and relief, when required. Long experience has proved them to be the safest, surest, and best of all the Pills with which the market abounds. By their occasional use, the blood is purified, the corruptions of the system expelled, obstructions removed, and the whole machinery of life restored to its healthy activity. Internal organs which become clogged and sluggish are cleansed by Ayer's Pills, and stimulated into action. Thus incipient disease is changed into health, the value of which change, when reckoned on the vast multitudes who enjoy it, can hardly be computed. Their sugar-coating makes them pleasant to take, and preserves their virtues unimpaired for any length of time, so that they are ever fresh, and perfectly reliable. Although searching, they are mild, and operate without disturbance to the constitution or diet or occupations.

For Dysentery or Diarrhosa, but one mild dose is generally required.

For Rheumatism, Gout, Gravel, Palpitation of the Heart, Pain in the Side, Back, and Loine, they should be continuously taken, as required, to change the diseased action of the system. With such change those complaints disappear.

For Dropsy and Dropeical Swellings, they should be taken in large and frequent doses to produce the effect of a drastic purge.

For Suppression, a large dose abould be taken, as it produces the desired effect by sympathy.
As a Dinner Pill, take one or two Pills to As a Dinner Pill, take one or two Pills to promote digestion, and relieve the stomach. An occasional dose stimulates the stomach and bowels, restores the appetite, and invigorates the system. Hence it is often advantageous where no serious derangement exists. One who feels tolerably well, often finds that a dose of these Pills makes him feel decidedly better, from their cleaning and renevating effect on the digestive apparatus.
